Right: Demag AC140 Salt Lake City, UT

## Zero Accidents in 2012

Mountain Crane Service is proud to announce that for the calendar year 2012 our company had **zero accidents**. This equates to over **199,958 man hours** with zero injuries, incidents, etc. This has qualified Mountain Crane Service to receive the prestigious Zero Accidents Award from the SC&RA. Few companies merit this award and we are thrilled to have achieved this feat during such a period of growth for our company.

Mountain Crane Service values the safety of our employees, customers, and fellow contractors. More information can be found on our website at <http://mountaincrane.com/safety.html>.

## PGA Phoenix Open

A group of four from Mountain Crane Service employees were invited to attend the PGA Phoenix Open with Mardian Equipment. This has become an annual tradition and is an excellent escape from the cold winter weather to sunny Arizona.

## Employee Spotlight

Mountain Crane's team keeps growing and we would like to highlight our newest member: **Tiana Titus**. Tiana has a lot of experience in the construction industry and has been a valuable addition. She has only been with Mountain Crane for a month, but so far her favorite thing about the company is how family-oriented the company is.

Tiana is originally from California. She is happily married to her husband Brian and they have three beautiful children. Their son Roman (age 8), daughter Allison (age 6) and second daughter Madison (age 2) are pictured to the left.

Although spare time is hard to come by, Tiana is an avid reader. She enjoys almost all types of books (except for those in the sci-fi genre). She also enjoys baking, but hates to cook. If she followed sports, her teams would be the Niners, A's, Kings and Sharks.

Mountain Crane Service provides a variety of services across the Intermountain West including plant shutdowns, steel, pre-cast panels, heating and cooling units, transformers, pools and hot tubs, demolition, windmills, and bridge girders, to name a few.

Heavy Haul service is also available.

Mountain Crane Service employees receive continual training through Operating Engineers Local 3 and have their CCO Certification.

Check out our website at [www.mountaincrane.com](http://www.mountaincrane.com) for more information.

### *Utah's Largest Crane Fleet*

Load charts for each of our cranes are available online at [www.mountaincrane.com/fleet](http://www.mountaincrane.com/fleet).
