Before watching her win Silver at the Olympics, the Mountain Crane team cheered for Noelle Pikus-Pace at the [World Cup!](#)

We attended the Elko Mine Show, bringing a [few fun surprises](#) for our display.

Mountain Crane employees toured the [Manitowoc Crane Facility](#) in Wisconsin to visit their new MLC 650.

Mountain Crane went to the [Con Expo](#) and bought three new cranes! - A Liebherr 1250 and a MCL 300 and MCL 650.

We transported the first new [cold train module](#) to the crude unit using its Goldhofer modular trailers.

We replaced a [2500 square foot helicopter pad](#) at Primary Children's Hospital.

We did our [biggest panel](#) yet! These 70' wide panels required 32 pick points, 7 spreader bars, and 24 snatch blocks.

[Mountain Crane Service](#) jumped up to the #28 spot in the ACT 100 Largest Crane Companies.

A Liebherr 81K self-erect crane is now part of the extensive fleet that Mountain Crane offers.

# Mountain Crane Holiday Party

Mountain Crane celebrated the holiday season with a company party at The Living Planet Aquarium in Draper Utah. In fall of 2013, Mountain Crane helped build the aquarium, installing a 40 ft long, 26,000 lbs, 6.5 inch thick acrylic shark tunnel into place.

The Mountain Crane team and their families had a fun night checking out the new shark tank, winning raffle prizes, and building gingerbread houses.

Mountain Crane appreciates opportunities like these to show gratitude for the wonderful and talented employees who make up th Mountain Crane Team.

## Building the Park City Sky Trac

Mountain Crane recently had the opportunity to help with the track work for Deerpoint in Park City, Utah. This inclined elevator is an 8 passenger cabin system mounted on a track with the ability to take horizontal as well as vertical curves. The entire track is 1500 feet long, reaching up to 300 feet of vertical. Mounted on a track rail system, the track runs 6 feet above the ground, along a very steep mountainside. Using multiple cranes, we were able to swing the track sections into place. Upon completion, this track will link Park City Condominiums with the ski slopes at Deer Valley.
