February 2012

John Carter Movie Premiere

In May 2010, Mountain Crane Service was invited to help on the movie set for Disney/Pixar's production of —John Carter of Mars, the first segment of a trilogy based on Edgar Rice Burrough's *Barsoom* series. The film will debut March 9, 2012 which is a 100th year anniversary of the story's first publication. Scenes will include shots of Lake Powell, Moab, and Delta.

Mountain Crane's 500 Ton Demag AC1300 All Terrain Crane was utilized to place equipment on set with as little of an impact to the environment as possible.

Mountain Crane looks forward to joining with families, employees, and fellow customers for the special screening at The District Megaplex 20 this upcoming March.

Inside this Issue:

- John Carter Movie Premiere
- Apprentice Graduates
- Mountain Crane Slideshow
- Jazz Suite
- Employee Spotlight

[Enter to win here](#) and we hope to see you there!

Apprentice Graduates

For questions or more information regarding the Apprentice Program, feel free to contact Jeff Andersen (jatc@yahoo.com) or Kayci Dunn (kayci.jatc@yahoo.com.)

Mountain Crane would like to thank Jeff and his team for their assistance in making this program possible.

Mountain Crane is proud to support the Operating Engineers Local 3 Apprentice Program. Four of our operators have recently graduated from this six-thousand hour training and work experience curriculum. Congratulations to Riley Allen, Rob Blake, Jordan Patterson, and Parker Chapman for all their hard work.

The journeyman operators take it upon themselves to individually mentor the apprentices. Mountain Crane is privileged to have a team of hard-working, talented, and experienced employees.

Mountain Crane Video

This slideshow was shown in December, during Mountain Crane's annual Christmas party. There are dozens of pictures of our employees and many of the projects that Mountain Crane has worked in 2011.

If you did not have a chance to see it or would like to see it again, use the link below.

Employee Spotlight

Craig Lever is one of Mountain Crane's many talented and experienced crane operators. He has been with Mountain Crane since 2005. He originally started working in the concrete business (which he did for 34 years) and through the concrete company, he made the transition to the crane industry. His favorite thing about Mountain Crane is that the people he works for are honest, fair, and keep you busy.

Craig Lever was born and raised in Salt Lake City. Currently he lives with his wife, daughter and his three grandchildren who are ages 9, 10, 14. He enjoys getting to spend so much time with his grandchildren and his daughter. Although spare time is hard to come by, when he gets the chance Craig enjoys going to his father's cabin up in the mountains and riding Four-Wheelers.

Mountain Crane Service provides a variety of services across the Intermountain West including plant shutdowns, steel, pre-cast panels, heating and cooling units, transformers, pools and hot tubs, demolition, windmills, and bridge girders, to name a few.

Heavy Haul service is also available.

Mountain Crane Service employees receive continual training through Operating Engineers Local 3 and have their CCO Certification.

Check out our website at www.mountaincrane.com for more information.

Utah's Largest Crane Fleet

Load charts for each of our cranes are available online at www.mountaincrane.com/fleet.

Giveaway: Jazz Tickets

Mountain Crane is excited to give away **4 tickets** to a Utah Jazz basketball game. The winner will join Mountain Crane for a game of their choice in Mountain Crane's Jazz Suite with prime seating for the game and delicious food to enjoy.
