## Pepperidge Farm

Mountain Crane has recently completed a series of projects for CCI Mechanical at Pepperidge Farm located near Logan, Utah.

As the factory remained in operation, these projects have spanned several weekends. Because of the variety of reaches, the project has utilized several cranes, including our Liebherr LTM 500 ton all terrain and super lift attachment, pictures below and to the right.

## Employee Spotlight

**Jackie Allen** has been with Mountain Crane for over a year as our wonderful **Receptionist**. Jackie's favorite thing about Mountain Crane is that the people that work at Mountain Crane are so friendly, welcoming, and everyone works together as a team. She has also enjoyed the opportunity to learn about the crane industry.

Jackie was born, raised, and has lived in the great town of Lehi her whole life. She has four amazing, beautiful children who have at some time all worked for Mountain Crane. Andrea is her oldest and only girl; Tyson who is Mountain Crane's Senior Erector and part of the sales team; Lindy, her second son is a lineman at Kennecott-Rio Tinto and youngest, Riley who is currently an operator for Mountain Crane. Between the four of them they have given her six wonderful, adorable grand kids. In her spare time, Jackie likes photography, painting and refinishing furniture, cooking on her smoker, fishing, camping, and riding horses.

On behalf of herself and her family, Jackie would like to express thanks the owners of Mountain Crane and the Mountain Crane family for all the support and understanding they have given the Allen family over the past year. In her own words "We thank you all so very much!"

Mountain Crane Service provides a variety of services across the Intermountain West including plant shutdowns, steel, pre-cast panels, heating and cooling units, transformers, pools and hot tubs, demolition, windmills, and bridge girders, to name a few.
