Crane Operator Safety Award

Six Mountain Crane operators received the 2013 Crane Operator Safety Award from the SC&RA (Specialized Carriers & Rigging Association).

This prestigious award is given to operators who accumulate **10,000** consecutive man hours with zero accidents or injuries. Mountain Crane considers safety to be one of the most important aspects of our company and strives to complete every project with this aspect as a top priority. Mountain Crane is very proud of these operators for excelling in safety as they complete various crane jobs.

Four of them have completed the Operating Engineers Local 3 through their time with Mountain Crane. We are grateful for the opportunity to train the next generation of crane operators.

BAUMA 2013

Several members of the Mountain Crane Operations & Sales team were able to attend BAUMA 2013 held in Munich, Germany. This event was the 30th International trade show for construction machinery, vehicles, and equipment and is one of the largest and most impressive tradeshows in the world. Our team went to meet with vendors and industry contacts, tour the Liebherr factory —a must see for anyone in Germany, and of course, site see.

Liebherr was a very gracious host and Mountain Crane was very excited to see the facility and the newest cranes being developed.

Employee Spotlight

Jordan Patterson is one of Mountain Crane's talented **Operators** who was recently awarded the Crane Operator Safety Award for completing 10,000 man hours with zero accidents. He found his way into the crane industry by a little turn of luck having family who worked at Mountain Crane and offered him a job. He has been a part of the company ever since.

Jordan's favorite thing about Mountain Crane is the guys he gets to work with. He considers his coworkers as friends and a brotherhood where every one works together and is willing to help each other out.

Jordan is originally from and currently living in South Jordan, Utah. He and his wife Mallorie have been married for 5 years and have a 15-month little girl named Rylee. They also have a pet boxer that Jordan claims is dumb as rocks, but still fun to have around. In his spare time, Jordan enjoys anything outdoors with some of his favorite activities being "jeeping" and camping.

Mountain Crane Service provides a variety of services across the Intermountain West including plant shutdowns, steel, pre-cast panels, heating and cooling units, transformers, pools and hot tubs, demolition, windmills, and bridge girders, to name a few.

Heavy Haul service is also available.

Mountain Crane Service employees receive continual training through Operating Engineers Local 3 and have their CCO Certification.

Check out our website at www.mountainercrane.com for more information.

Utah's Largest Crane Fleet

Load charts for each of our cranes are available online at www.mountainercrane.com/fleet.

Photo Contest 2013

Mountain Crane is having a photo contest, open now through June 30. We encourage customers (and employees) to send in pictures of our cranes on your projects. There will be 3 winners chosen who will each win a \$100 VISA card. The winners will be announced in the July newsletter. We invite as many as are interested to participate and look forward to your entries.

Guidelines:

- Please do not send cell phone images
- We prefer photos without a date stamp in bottom corner
- Both current and previous jobs will be considered
- You are welcome to submit multiple entries (No Limit)
- Submit photos to info@mountainercrane.com
- By submitting photos, you agree to let Mountain Crane use these images in future marketing materials

Giveaway: TaylorMade Golf R1 Driver

Mountain Crane is excited to give away a brand new TaylorMade Golf R1 Driver. This high quality driver is considered the “king of drivers” and would make a great addition to any golfer’s set as golf season is right around the corner!
