Mountain Crane Service recently completed a major turnaround project at the Tesoro Refinery located in North Salt Lake. These shutdowns require extensive amounts of engineering lift plans, project management, and crane work. Planning for this project started last summer.

Mountain Crane provided over 20 pieces of equipment over the course of this two-month turnaround. Cranes selected specifically for this project ranged from 8.5 to 500 Ton Lifting Capacities and all different varieties including Rough Terrains, All Terrains, and Lattice Conventionals. The cranes were working 24/7 under the direction of Tesoro and multiple contractors, including B&W, Matrix, P2S, and IPWI.

This project required multiple skilled operators, experienced supervisors, a full-time engineer, and safety management in order to perform the necessary maintenance and repair work. Mountain Crane is proud of its team for not only completing another successful large-scale shutdown, but for doing so safely, with no time lost, and with zero accidents.

## Photo Contest Reminder

Mountain Crane Service is excited to announce the winners of our photo contest that has been open for the last two months in the July newsletter. This is a sneak peak of one of the great images that has been sent in for the contest. There is still plenty of time to submit more pictures! See page 3 for more detailed information about this contest.

## Jess Richins: Apprentice of the Year

Jess Richins was recently recognized for his achievements by the Operating Engineers Local Union 3. In conjunction with the apprentice graduation, Jess Richins was awarded Apprentice of the Year. This is the second time that Mountain Crane has been proud to have one of their employees be nominated and receive this prestigious award.

Jess has been with Mountain Crane Service for 3 years and has quickly advanced through the equipment apprentice program. He has obtained his CCO license and is a highly qualified crane operator.

## Iron Man 3 Special Premiere

Mountain Crane would like to thank everyone who came to the special screening of Iron Man 3. It was an enjoyable afternoon spent with customers, employees and their families and friends. Mountain Crane was especially excited to be joined by our newsletter winners and hopes they will keep entering future giveaways.

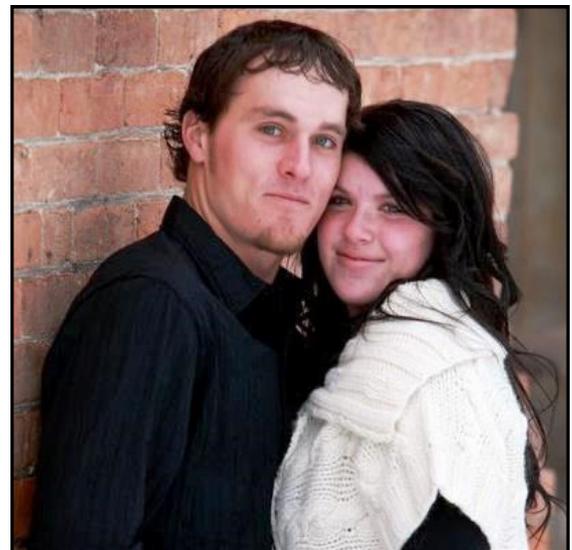

## Employee Spotlight

**Jordan Goff** is one of Mountain Crane's talented **Operators** who was recently awarded the Crane Operator Safety Award for completing 10,000 man hours with zero accidents. Jordan has been with the company for 5 years. He began for the company by washing cranes in the yard and over the years he has worked his way to being a full time operator. His favorite thing about Mountain Crane is running all the different types of equipment and the people that work here.

Jordan is originally from Green River, Wyoming. His family consists of his beautiful wife Kimberly, their cute 7-month old daughter, and a goofy dog.

In his spare time, he enjoys snowmobiling, boating, and spending time with his wife and daughter.

Mountain Crane Service provides a variety of services across the Intermountain West including plant shutdowns, steel, pre-cast panels, heating and cooling units, transformers, pools and hot tubs, demolition, windmills, and bridge girders, to name a few.

Heavy Haul service is also available.

Mountain Crane Service employees receive continual training through Operating Engineers Local 3 and have their CCO Certification.
