BYU Football Tickets!

## Goldhofer Trailer

Mountain Crane Service is excited to announce the arrival of a **NEW Goldhofer Heavy Duty Modular Trailer Series THP /SL 8.**

Goldhofer trailers are built in Germany and have become the industry standard for heavy haul transportation. This impressive specialized trailer is capable of transporting various load weights and sizes with on/off road capabilities. This trailer has already served Mountain Crane in a variety of projects by allowing the rapid movement of vehicles, construction materials, and heavy loads.

The Goldhofer trailer complements our current equipment selection to support our customers' need for heavy lift solutions.

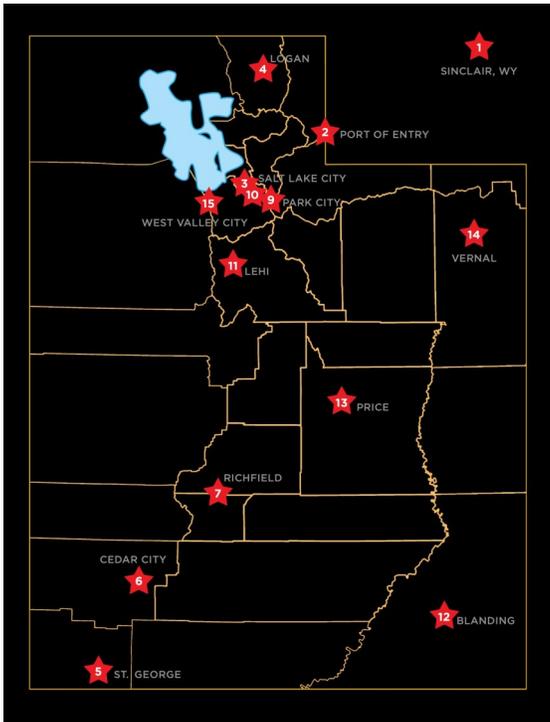

## Nevada “Apprentice of the Year”

Charles B. Kight was recently recognized for his achievements by the Operating Engineers Local Union 3 in Nevada. In conjunction with the apprentice graduation, Charles Kight was awarded Apprentice of the Year. This is the third time that a Mountain Crane employee has been nominated and recognized among their peers to receive this prestigious award.

Charles has been with Mountain Crane Service for only a short while, but has quickly advanced through the equipment apprentice program. He has obtained his CCO license and is a highly qualified crane operator.

## “UT6 Artifact” Utah Tour

Mountain Crane is a proud sponsor of the “UT6 Artifact.” This special artifact was made from remnants of the World Trade Center buildings after 9/11. This artifact will take a permanent residency at the Fort Douglas Military Museum in Salt Lake City. This artifact has traveled across the nation and just recently finished its Utah Tour, going as far south as St. George and making its way north all the way to Logan, UT.

Several volunteers helped build a memorial site at Fort Douglas where the artifact will be placed. The site was finished on October 21. Mountain Crane would like to invite all those who didn't get a chance to see the “UT6 artifact while it was on tour to come check out this amazing piece of American history in Salt Lake City.

Mountain Crane would also like to thank all of those who were willing to donate in order to help build the memorial site at Fort Douglas. Several companies and individuals contributed their services in order to make this project possible. Anyone interested in learning more about how they can help support this project can [click here](#) to fill out a donation form for Fort Douglas.

## Employee Spotlight

**Guy Warr** is the newest addition to Mountain Crane's sales team. Guy started with our company earlier this summer and has done at outstanding job so far.

Guy has been married to his wife Fay for 33 years. He is a proud parent with 3 married children (Laci, Zachary and Whitney) and an even prouder grandpa with two grandchildren (Hannah age 1 & Garrett age 2). He is going to be a doubly pleased grandpa as he will be getting two more grandchildren in November.

Guy and his wife currently reside in Farr West, Utah. Before that they lived in Tooele County. In his spare time, Guy enjoys hunting, golf, horses and many other outdoor activities.

Mountain Crane Service provides a variety of services across the Intermountain West including plant shutdowns, steel, pre-cast panels, heating and cooling units, transformers, pools and hot tubs, demolition, windmills, and bridge girders, to name a few.

Heavy Haul service is also available.

Mountain Crane Service employees receive continual training through Operating Engineers Local 3 and have their CCO Certification.

Check out our website at [www.mountaincrane.com](http://www.mountaincrane.com) for more information.

### *Utah's Largest Crane Fleet*

Load charts for each of our cranes are available online at [www.mountaincrane.com/fleet](http://www.mountaincrane.com/fleet).

## Giveaway: **BYU Football Tickets**
