## Manitowoc Visit

Over Veteran's Day weekend, Mountain Crane had the opportunity to visit the Manitowoc Factory in Wisconsin. Manitowoc, a long time friend and customer of Mountain Crane, made a significant contribution to the UT6 Artifact Tour that went all across the U.S. this. Mountain Crane thanked Manitowoc by presenting them with a custom-designed plaque as well as showing a special presentation highlighting the UT6's purpose which is to be a memorial for all of those who have fallen to protect this country since 9/11. Mountain Crane was honored to share this meaningful piece of history with several war veterans who are employed at Manitowoc.

### Inside this Issue:

- Manitowoc Visit
- Golf Tournament Appreciation
- Office Trick or Treat
- Employee Spotlight
- Giveaway: Wii U

As part of this fun-filled weekend, Mountain Crane attended the BYU Cougars vs. the Wisconsin Badgers football game. All in good fun, a high stakes bet was made between Manitowoc CEO Glen Tellock and Mountain Crane owner Paul Belcher that the loser had to wear the winning team's apparel and document it in a picture. As you can see, the Cougars were not victorious.

## Golf Tournament Appreciation

Mountain Crane would like to express appreciation for all the different golf tournaments that we have been able to participate in and partner with this past year. We were able to be involved in so many throughout the golf season in a myriad of locations from all around Utah, Wyoming, and even out to Houston, Texas.

The Mountain Crane Team always looks forward to these opportunities as we know these golf tournaments are a lot and a great way to support so many charitable causes, as well as spend an enjoyable day with coworkers, customers, and new faces.

## Office Trick or Treat

This last month, Mountain Crane Service celebrated Halloween at the office by inviting our employees and their children to come trick or treat around the office. Everyone at the office had bowls of candy on their desks, got to see all of the kids in their Halloween costumes, and overall had a fun evening.

## Employee Spotlight

**Veronica Oliver** is the newest member of the Mountain Crane team helping out as Operations Assistant as well as HR. The crane industry found Veronica because she left construction in July to take care of her ill grandmother and then found a job as a paralegal in a law firm downtown. She realized she missed the construction culture and wanted to find a way to utilize her paralegal knowledge in the construction industry. She was thrilled when Mountain Crane offered her the exact kind of position she was looking for. Her favorite thing about Mountain Crane is the unity within the company. Within all the departments, each is willing to assist one another with enthusiasm and a smile. Veronica is grateful for the Mountain Crane family that has adopted her as part of their exceptional team.

Veronica is originally from Salt Lake City. She lived in several parts of northern Idaho until she moved to Kellogg, ID a small town where she raised her daughter. In 2007, she moved back to Utah and has been there ever since. Veronica's family consists of her 17, almost 18-yr old daughter who will graduate this year from high school and with her associates degree from college, a partner for nearly 8 years, and their Siberian husky/boxer mix dog named Okami. Veronica loves being a mother and an Aunt to her 2 nephews and her niece.

Mountain Crane Service provides a variety of services across the Intermountain West including plant shutdowns, steel, pre-cast panels, heating and cooling units, transformers, pools and hot tubs, demolition, windmills, and bridge girders, to name a few.

Heavy Haul service is also available.

Mountain Crane Service employees receive continual training through Operating Engineers Local 3 and have their CCO Certification.

Check out our website at [www.mountaincrane.com](http://www.mountaincrane.com) for more information.

## Utah's Largest Crane Fleet

Load charts for each of our cranes are available online at [www.mountaincrane.com/fleet](http://www.mountaincrane.com/fleet).
