## Introducing the Newest Mountain Crane Team Member!

Mountain Crane has once again added a new option to its fleet of diverse equipment. A Liebherr 81K self-erect crane is now part of the extensive crane fleet that Mountain Crane offers. In its debut as part of the team, it is currently being utilized at the Encore Apartments in cooperation with Wasatch Regional Builders and is configured with 147 feet of jib and 115 feet height under hook.

This crane is a great addition and will permit for a price competitive option for numerous jobs that require a smaller crane for extended duration. We are excited to include this in our family of cranes, providing you just another opportunity to contact us for your next job.

# Setting Bridge Girders in Ashton, Idaho

Mountain Crane and Cannon Builders recently worked together to upgrade a bridge in beautiful Ashton, Idaho. The 112 foot long girders were set by a Grove GMK 7550, weighing in at about 88,000 lbs. each. A 100 ton dolly was also used for transportation of the old bridge.

## Celebrating Breast Cancer Awareness Month

Barrick Goldstrike spent the month of October raising money for Breast Cancer Awareness. Many employees showed their support, making Thursdays a beautiful sea of pink. Because of their hard work, they were able to raise \$4,900!

Thank you Barrick for letting Mountain Crane participate in your month of festivities!

**Congrats to Goldstrike!**

# NOVEMBER ENTER TO WIN A PlayStation 4!

Combining unparalleled content, immersive gaming experiences, all of your favorite digital entertainment apps, and PlayStation exclusives, the PlayStation 4 Console (PS4) centers on gamers, enabling them to play when, where and how they want.
