Looking Back: Aug of 2018 ...

Our team assisted with the installation of a wild-life crossing bridge along a major highway. Pictured here is the tandem crane-pick of a 56K lb. girder.

Expanding Our Fleet... Yet Again!

As technology and innovation improve, so does our fleet! We were thrilled to show-case two of our newest additions at Conexpo this year. The Liebherr LR1400SX 400-ton capacity crawler crane is our latest addition. With all new installation capabilities, safety features and transportation abilities, it makes even tight spaces and time constraints achievable.

We are also thrilled to welcome the Goldhofer FTV 850 blade transporter.

A Brand New Liebherr, LR 1400SX Crawler

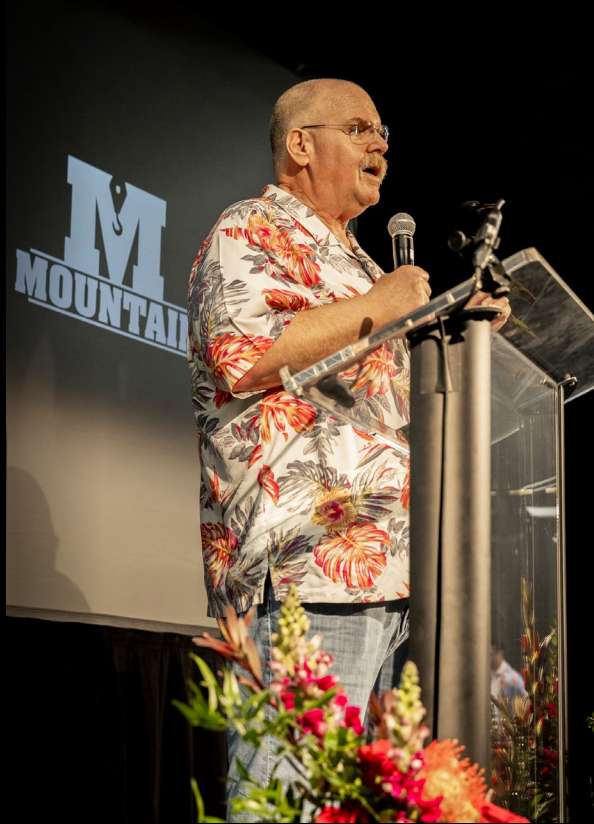

The first of its class in North America, the FTV 850 allows for blades up to 850 metric tons to be transported safely. Goldhofer has labeled this the “big brother” to our existing FTV 550s. It has the option for split modules, which offers higher stability with low ballast weight. The system has a low center of gravity and maximum protection from tipping. It is ideal for extra-long blades!

**IT'S A BIRD,
IT'S A PLANE,
IT'S A BLADE!**

If you were at Conexpo you most certainly saw “The Blade” flying in the sky! Our brand new FTV 850 was hoisting just a small portion of a wind turbine blade for onlookers to view.

Learning from Coach Andy Reid

We had an incredible opportunity to spend a day with Andy Reid, coach of the two-time Super Bowl champion Kansas City Chiefs. Coach Reid taught the group about leadership and "Building a Championship Team". We also had the opportunity to make a donation to the Rescue Mission of Salt Lake and Coach Reid signed and donated a football to the Rescue mission as well.

Safety Strong, Safety Share

"Safety isn't just a set of rules to follow, instead think of safety as a way of life. Make it a priority and live up to the promise of Safety Strong. Make it mean something to you. Let there be a reason why you are Safety Strong. Take pride in knowing that you have the responsibility of keeping everyone safe. Find a reason to make it home safe every night!"

Bryce Olsen, Field Safety Manager

The core of Mountain is a top notch crew who is committed to SAFETY and executing every job with professionalism and precision. We are proud to be Mountain strong.
